Futureworks And Conclusion

Introduction To RealOne

The best app you have ever known!

Oh, great...
im a background.

- RealOne has expanded the capabilities of its main mobile app to allow users to overlay RealOne products in any room in their home.
- The app can dimension a selected number of 3D items, from refrigerators to chandeliers.

Problem Statement And Motivation

Why we choose a shopping app? Why is AR?

PROBLEM STATEMENT

- Convenience.
- Price comparisons.
- Variety of products.
- Easy to view products in your room.

Requirement Analysis
